

2019

Dear Friends,

Last year we announced our **exciting positive change** of eliminating our overhead and fully immersing ourselves into the community! We have expanded our reach and provided even more education and support to women and girls. To name a few accomplishments:

- We have worked with Girl Scout troops addressing bullying and certifying new babysitters
- Keynote speech on empowerment to the Boys and Girl Club Girls Night Out event
- Guest speaker at People's United Center for Women and Business at Quinnipiac University
- Will be giving a training course at the Women's Consortium in Hamden on body image and its effects

Last spring we started the **GIRLS (Growing, Inspiring, Respecting, Learning, Succeeding) Scholarship Fund**. We granted two Senior High School Girls each a \$250 scholarship. This year we are able to increase the amount to \$300 and have been flooded with applications! We also started a new scholarship called **Christina's Heart** in memory of Christina Logue, a loving and giving community member, wife, mom and friend. Christina's Heart will give out two scholarships per year to a child who has lost a parent or who has a severely ill parent and wants to participate in an extracurricular activity, but may not have the means to. Please visit our website for more information on our scholarships (www.empowerherct.org/scholarships).
